## The Blood of martyrs is the seed of Christians (Tertullian).

All through the ages holy men and women continue to witness to their love of Christ and neighbour by shedding their blood in defence of their faith and of the human rights of the poor and oppressed. This continues to be true today. The four recently beatified martyrs presented here are just *a few of the cloud of witnesses* (Cfr Heb 12:1) who have gone before us.

*The new Lectionary in Ciluba, one of the languages of Democratic Congo, was reprinted thanks to the contribution we were able to give. At Pentecost the people heard the Apostles preaching in their own tongue. People need to hear the Word of God in their own language, but the cost of printing the necessary books is often exorbitant for missionary dioceses.*
